Nephrology Department
Fundació Puigvert

Venue:

Auditorium
Fundació Puigvert
C/ Cartagena 340. Barcelona, Spain

We are pleased to welcome you to Barcelona for the 15th Master Class in Kidney Transplantation. This foremost educational program dedicated to European kidney transplant physicians provides a forum for experience-based learning on several aspects of the transplantation process which Sanofi Genzyme is supporting having been committed to solid organ transplantation for more than 34 years.

The meeting will start on Wednesday afternoon and will provide focused updates in the field and the presentation of clinical cases. We will continue Thursday morning and then close with a tour of the Nephrology Department.

With the participation of our renowned experts and your active interaction, we look forward to a scientifically stimulating meeting.
