57th edition

urolog course

curso-urologia.fundacio-puigvert.es

Dear colleagues,

Once every three years, we are pleased to welcome you to our 57th Urology Course at Fundació Puigvert, celebrated in hybrid format as in the previous edition.

Technology in our specialty continues to advance and in this course we aim to capture the up-to-date events and disseminate the latest medical and technological innovations representative of all the Units that constitute our Urology Department: Uro-Oncology, Reconstructive Urology, Functional and Female Urology, Uro-Lithiasis and Paediatric Urology and Kidney Transplant Surgical Team. We count on the participation of prominent national and international experts.

The program includes live surgeries, pre-recorded surgeries, conferences, sessions with experts and round tables where current scientific topics will be discussed.

We hope to greet you personally during these days.

Kind regards,

Dr. J. Palou
Chairman of the Urology Department
Fundació Puigvert
